# MICT Files Proxy Statement for Approval of Global Fintech Holdings Acquisition and \$25 Million Capital Raise

- Proxy filing marks a significant step towards approval and closing of transactions that position MICT in the global fintech industry with world-class proprietary technology platform and strong balance sheet.
- \$25 million convertible debentures to convert automatically at the closing of the acquisition at a conversion price of \$1.41 per share.

MONTVALE, N.J., Jan. 21, 2020 /PRNewswire/ -- MICT, Inc. (Nasdaq: MICT) (the "Company") announced today that it has filed a preliminary proxy statement with the U.S. Securities and Exchange Commission (the SEC) relating to, among other items, its planned acquisition of Global Fintech Holdings Ltd (GFH), and a \$25 million private placement of convertible debentures, converting automatically at \$1.41 per share at the closing of the acquisition. Following SEC clearance of the preliminary proxy statement, our stockholders will be asked to vote on the matters described therein.

On November 8, 2019, MICT had announced the \$25 million private placement and its agreement to acquire GFH, which will own the ParagonEX Limited group of companies (ParagonEx) and with Beijing Brookfield Interactive Science & Technology Co. Ltd (Beijing Brookfield Interactive). The \$25 million capital raise and the acquisition of GFH are intended to position MICT as a leading company in the fintech space, leveraging world-class proprietary technology to a global market, including the high-growth Chinese fintech market, and the CFD (Contracts for Differences) trading industry. Following receipt of shareholder approval, MICT will improve its balance sheet through the \$25 million funding, together with previously announced \$9 million the Company had previously raised.

David Lucatz, CEO of MICT, said, "We are pleased with the progress of these transactions which are intended to position MICT as a dominant player in the fintech space, and we believe significantly enhance shareholder value through the substantial \$25 fundraising with a conversion price of \$1.41 per share. The filing of the preliminary proxy statement is the first step towards gaining shareholder approval and subsequently closing on these transactions."

Darren Mercer, a member of MICT's board of directors, and a director and officer of GFH, added, "Each of ParagonEX and Beijing Brookfield Interactive performed well in the second half of 2019, with a near term growth strategy that is expected to further accelerate increases in profitability. We believe this acquisition and fundraise transaction is highly accretive to MICT, offering its existing and new shareholders a compelling opportunity for increased value."
